

# Do You Really Love Me Too

Shakin' Stevens

Did my heart send me on a fool's errand  
When it sent me after you  
Did I go out on a fool's errand  
Or do you really love me too

You greet me with a smile  
What pretty things you say  
But when I want your lips  
You turn away

Did my heart send me on a fool's errand  
When it sent me after you  
Did I go out on a fool's errand  
Or do you really love me too

I'm dancing close to you  
And someone else cuts in  
Why does your face light up  
When you're with him

Did my heart send me on a fool's errand  
When it sent me after you  
Did I go out on a fool's errand  
Or do you really love me too

Have I been just a fool  
From the first day we met  
Or is it just that you're  
Playing hard to get

Did my heart send me on a fool's errand  
When it sent me after you  
Did I go out on a fool's errand  
Or do you really love me too

Do you really love me too  
Do you really love me too  
Do you really love me  
Come on and love me  
Do you really love me too
