

Don't Lie To Me

Shakin' Stevens

Let's talk it over baby before we start
I heard about the way you wanna do your part
Don't lie to me - don't you lie to me
Cause it makes me mad and I get shook up as a man can be

There's two kind of people that I just can't stand
That's a lying woman and a cheating man
Don't lie to me - don't you lie to me
Cause it makes me mad and I get evil as a man can be

I can love you baby till the cows come home
But I'm sick and tired of the way you treat me wrong
Don't lie to me - don't you lie to me
Cause it makes me mad and I get shook up as a man can be

There's two kind of people that I just can't stand
That's a lying woman and a cheating man
Don't lie to me - don't you lie to me
Cause it makes me mad and I get shook up as a man can be

If you love me baby and it ain't no lie, well
I'll be waiting till the river runs dry
Don't lie to me - don't you lie to me
Cause it makes me mad and I get evil as a man can be

Weeeeel let's talk it over baby, for we start
I heard about the way you wanna do you're part
Don't lie to me - don't you lie to me
Cause it makes me mad and I get shook up as a man can be
