

# Don't Tell Me We're Through

Shakin' Stevens

You make me feel so alone  
So won't you please come on home  
I'm sittin' here, I'm so blue  
Please don't tell me we're through  
My heart is achin' inside  
I need your love here by my side  
Please don't tell me we're through

I'm yearnin' and I'm burnin'  
When we are apart  
your love is all I need  
to mend my broken heart, heart  
So won't you please come back to me  
I'm livin' in misery  
I'm waitin' here (yeah) just for you  
(Oh) Please don't tell me we're through

You make me feel so alone  
So won't you please come on home  
I'm sittin' here, I'm so blue  
Please don't tell me we're through  
My heart is achin' inside  
I need your love here by my side  
Please don't tell me we're through

I'm yearnin' and I'm burnin'  
When we are apart  
your love is all I need  
to mend my broken heart, heart  
So won't you please come back to me  
I'm livin' in misery  
I'm waitin' here (yeah) just for you  
(Oh) Please don't tell me we're through

Oh Please don't tell me we're through  
Oh please, please, please, please, please  
Don't tell me, don't tell me  
Don't tell me, don't tell me, don't  
Come on home, come on home  
Come on home to me  
Baby, baby, baby, I'm in misery  
I need your love  
I don't wanna be alone  
Please don't tell me  
I need your love  
I want you by my side  
I know I will be satisfied  
I need your love, ooh ooh baby  
Please don't tell me we're through  
Come on baby, baby, to me
