

## Girl Please Stay

Shakin' Stevens

You glance at me I'm enchanted  
You are the one I adore  
Don't be amazed at my behaviour  
For I've never loved anyone before

You fill my heart with emotion  
Let it go on for ever more  
Promise you'll stay forever  
Cause I've never loved anyone before

Oh girl please stay, woah girl please stay  
Don't leave me all sad and alone.  
Oh girl please stay, woah girl please stay  
I'll be so lonely if you're gone.

Please stay forever  
With tears on my cheeks I'll flow  
Give me your love forever  
For I've never loved anyone before  
Cause I've never loved anyone before  
For I've never love anyone before  
Oh, I've never loved anyone before  
Oh, I've never loved anyone before  
Yeah, I've never loved anyone before
