

# If I Can't Have You

Shakin' Stevens

I want to hold you  
Treat you right  
Give really good lovin'  
Mornin' noon and night  
But if I can't have you darlin'  
Don't want your love for nobody else

I get so lonely without you  
Nobody makes me feel the way that you do  
If I can't have you darlin'  
Don't want your love for nobody else

This time, maybe tomorrow  
Hoping that day will come  
May you love me only, and tell me I'm gonna be the one

Run your fingures through my hair  
To have and hold you, no more cares  
If I can't have you darlin'  
Don't want your love for nobody else

I get so lonely without you  
Nobody makes me feel the way that you do  
If I can't have you darlin'  
Don't want your love for nobody else

This time, maybe tomorrow  
Hoping that day will come  
May you love me only, and tell me I'm gonna be the one

I'm unaware, what can I do  
I'm losing sleepless nights because of you  
If I can't have you darlin'  
Don't want your love for nobody else

Saying if I can't have you darlin'  
I don't want your love for nobody else
