

It's Good For You Baby

Shakin' Stevens

Yeah, we'll rock, rockin' tonight
That's boogie woogie, you'll be alright

And it is good for you baby, oh, it's good for you baby
And it is good for you baby, I'll make you mind you're mine

I know you got it, got what it takes
The music's playing, you'll have to wait

And it is good for you baby, oh, it's good for you baby
And it is good for you baby, I'll make you mind you're mine

Yeah, I like it rare, I like it well done
I'm like a rabbit, be my honey bot

And it is good for you baby, oh, it's good for you baby
And it is good for you baby, I'll make you mind you're mine

I'm like a bee, yeah, you got the half
come 'n' take my honey and you'll be alive

And it is good for you baby, oh, it's good for you baby
And it is good for you baby, I'll make you mind you're mine

You better love a new baby, you better love a new baby
Take it all from me baby, I cause that's a loving new baby
And if it's good for you baby, I'll make you mind you're mine
Tell me now baby. Oh, tell me now baby
If you tell me now baby, you shall be mind you're mine.
