

Too Too Much

Shakin' Stevens

It's askin' too too much
Your eyes say "Please don't touch"
My Love, that's askin' too too much

It's really too too bad
You make me fell so sad
My love, you're askin' too too much

What's happened to you happened
Seems like I never know you
Your eyes push me away
While askin' me to stay
Oh no, that's too too much
You play too too rough
My love, you're askin' too too much

What's happened to you happened
Seems like I never know you
Your eyes push me away
While askin' me to stay
Oh no, that's too too much
You play too too rough
My love, you're askin' too too much

It's really too too bad
You make me fell so sad
My love, you're askin' too too much

My love, you're askin' too much
My love, you're askin' too much

Too too much, too too much
My love, that's askin' too too much
Too too much, too too much
My love, that's askin' too too much
