

Without A Love

Shakin' Stevens

I'd rather be a fish
down in the deep blue see
then be a lonely man with-out a love of my own

a fish in the sea, with another to swim with me
and not a lonely man with-out a love of my own

Weeeell
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love a love of my own

I'd rather be a dove
Up in a tree so high
then be a lonely man without a love of my own

A dove in a tree, so high it mean we fly
and not a lonely man with-out a love of my own

Weeeell
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love a love of my own

I'd rather be a dove
Up in a tree so high
then be a lonely man with-out a love of my own

A dove in the tree, so high it mean we fly
And not a lonely man with-out a love of my own

Weeeell
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love a love of my own

without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
without a love, a love of my own
