

# You And Me

Shane Filan

Everyday I look at you  
And I can't believe the view  
Lying there next to me  
It always feels brand new  
busy streets packed out bars  
taxi cabs and cars  
life is fast probably last still together  
what we have is beautiful  
If I lost you then  
I'd lose it all

Cause this world would be  
Empty without you  
Scares me that this life would mean  
nothing without you  
Someday we'll have to say goodbye  
I need to let you know that I  
Will never try to fill the space between  
It'll only ever be  
You and Me

Candle light a glass of wine  
A dinner made for two  
All the noise of the city  
Are drowned out for you  
Then we kiss as we dance  
I hope this feeling lasts forever  
life is fast, raise a glass, we're still together

And you're still so beautiful  
If I lost you then  
I'd lose it all  
Cause this world would be  
Empty without you  
Scares me that this life would mean  
nothing without you  
Someday we'll have to say goodbye  
I need to let you know that I  
Will never try to fill the space between  
It'll only ever be  
You and Me

And you're still so beautiful  
follows you there  
at lose it all  
Cause this world would be  
Empty without you  
Scares me that this life would mean  
nothing without you  
oh Someday we'll have to say goodbye  
I need to let you know that I  
Will never try to fill the space between  
It'll only ever be  
You and Me
