

# Keep It to Yourself

Shanice

What we do in our bed is a secret between you and me  
No one else has to know, that information can't be free  
So when you open up your mouth it leads to curiosity  
Don't let your right hand know what your left is doing

Don't tell nobody what you do with your man  
Just keep it to yourself girl  
Cuz as soon as you turn your head  
She'll try to take your man girl  
She'll be undressing him with her eyes  
Believe it when I tell you girl  
Keep it to yourself girl, keep it to yourself girl

I've learned that intimacy was made to be a beautiful thing  
For two people in love, it wasn't made for three  
So when you wanna conversate about how good it was that night  
Don't tell it to your girls, ladies, tell it to your man

Don't tell nobody what you do with your man  
Just keep it to yourself girl  
Cuz as soon as you turn your head  
She'll try to take your man girl  
She'll be undressing him with her eyes  
Believe it when I tell you girl  
Keep it to yourself girl, keep it to yourself girl

Don't tell nobody what you do with your man  
Just keep it to yourself girl  
Cuz as soon as you turn your head  
She'll try to take your man girl  
She'll be undressing him with her eyes  
Believe it when I tell you girl  
Keep it to yourself girl, keep it to yourself girl

Don't tell Lucy then tell Suzie, just keep it to yourself  
(Don't tell nobody)  
Privacy is the key, don't tell nobody else  
Ain't nobody's business what you do, just keep it to yourself  
I know that you're in love, don't tell it to nobody but him

Don't tell nobody what you do with your man  
Just keep it to yourself girl  
Cuz as soon as you turn your head  
She'll try to take your man girl  
She'll be undressing him with her eyes  
Believe it when I tell you girl  
Keep it to yourself girl, keep it to yourself girl

Don't tell nobody what you do with your man  
Just keep it to yourself girl  
Cuz as soon as you turn your head  
She'll try to take your man girl  
She'll be undressing him with her eyes  
Believe it when I tell you girl  
Keep it to yourself girl, keep it to yourself girl
