

# My Body Loves to Party

Shannon Noll

A long hard week  
I didn't get much sleep  
At least I made a little extra for tonight  
A few shots deep  
And we're on easy street  
How bout we take this soirée back to mine

There ain't no harm in it  
Blowing off some steam  
I reckon we [?]  
Hand me that guitar

All that we need is beer and Bacardi...

'Cause my body loves to party  
Yeah this body loves to party  
My body likes dancing in bare feet  
I like to keep it simple  
Everybody knows I treat my body like a temple  
'Cause my body loves to party

It's 2a.m.  
And we're all still singing  
[?] to the early morning sun  
Let the fire blaze  
Tomorrow has to wait  
A cold beer in my hand is all I want

There ain't no harm in it  
We're just having fun  
We never wanna quit  
Hand me that guitar

All that we need is beer and Bacardi...

'Cause my body loves to party  
Yeah this body loves to party  
Yeah this body likes dancing in bare feet  
I like to keep it simple  
Everybody knows I treat my body like a temple  
'Cause my body loves to party  
Yeah this body loves to party  
Yeah my body likes dancing in the street  
No need to complicate it  
We've got everything we need to last  
Make tonight the greatest  
Party  
Yeah this body loves to party  
Yeah my body loves to party
