

You're All That I Need

Shannon Noll

I learned the sound of all my favorite chords
From Tom Petty records, Paul Kelly too
I love the feeling I get from singing alone
To Willy Nelson songs, even out of tune

All the pretty words and sweet melodies
And darling there's no better song
Than you and me

There's no doubting 'bout ya
I'm nothing without ya
You're all that I need

I got funny taste like Chevy Chase
Bill Murray, Ricky Gervais and Jim Owen too
I got favorite scenes from Sharon Stone
Robert de Niro, Tom Hanks, Tom Cruise

I love chemistry on the big screen
But darling there's no better movie
Than you and me

There's no doubting 'bout ya
I'm nothing without ya
You're all that I need
There's no doubt about it
I'm lost without it
You're all that I need

You're my only poem
My only tune
My leading lady
As we grow old
You'll always know
My love ain't fading

I miss your face far away from you
Girl I'll miss kissing you
Breaks my heart in two

You like simple things
Like walking on the beach
But darling there's no better journey
Than you and me

There's no doubting 'bout ya
I'm nothing without ya
You're all that I need
There's no doubt about it
I'm lost without it
You're all that I need
