

## Descending Inner Night

Shape of Despair

Years of breathing  
This consuming  
Black sphere  
That surrounds me  
Life in your future  
Exists not for me  
All clouded  
And unresolved  
As I helplessly watch  
The descending of  
The final inner night  
To see the self  
Disintegrate  
All clouded  
And unresolved  
As I helplessly watch  
The descending of  
The final inner night
