

# Yesterday

Shawn Chrystopher

I talked to my grandma yesterday  
I asked her if she was proud of me  
She said I am where I'm supposed to be  
Just make sure you don't forget me

But how can I forget someone  
Who shaped every part of me in livin' my life  
Cause without everything that we been through  
I'm not sure if I'mma live my life right  
But, sometimes we forget those  
Who mean the most

And I tried so hard  
To live like yesterday  
I tried so hard  
To live like yesterday  
But it never works

I talked to my first love yesterday  
I asked her if she was missin' me  
And she said I'm with who I'm supposed to be  
Just make sure you don't forget me

But how can I forget someone  
Who shaped every part of me in livin' my life  
Cause without everything that we been through  
I'm not sure if I'mma live my life right  
But, sometimes we forget those  
Who mean the most

And I tried so hard  
To live like yesterday  
I tried so hard  
To live like yesterday  
But it never works
