

# Bound To You

Shawn Colvin

Well, I feel alive like I never have  
Because if I go, then someone will be sad  
Because as someone said, well, I'd rather die  
But if you can stay, then darlin' so can I  
And you know I will  
Yeah, you know I will

Cause I'm bound to you, and all that it means  
I'm bound to you, there's no in-between  
It's like the earth below and the sky of blue  
Are bound to me and you

And now every night, when the sun goes down  
I remember times, like when I hit this town  
All the dreams that just won't come true  
I say, if you can do it, baby, then I can, too  
And you know I will  
Yeah, you know I will

Cause I'm bound to you, and all that it means  
I'm bound to you, there's no in-between  
It's like the earth below and the sky of blue  
Are bound to me and you
