## **Never Saw Blue Like That**

**Shawn Colvin** 

Today I took a walk up the street And picked a flower and climbed the hill Above the lake

And secret thoughts were said aloud We watched the faces in the clouds Until the clouds had blown away

And were we ever somewhere else You know it's hard to say

And I never saw blue like that before Across the sky Around the world You've given me all you have and more And no one else has ever shown me how To see the world the way I see it now Oh, I, I never saw blue like that

I can't believe a month ago I was alone, I didn't know you I hadn't seen or heard you're name And even now, I'm so amazed It's like a dream, It's like a rainbow, it's like the rain

And somethings are the way they are And words just can't explain

Cause I never saw blue like that before Across the sky Around the world You've given me all you have and more And no one else has ever shown me how To see the world the way I see it now Oh, I, I never saw blue like that before

And it feels like now, And it feels always, And it feels like coming home

I never saw blue like that before Across the sky Around the world You've given me all you have and more And no one else has ever shown me how To see the world the way I see it now Oh, I, I never saw blue like that before

Oh, I, I never saw blue like that
