

Over The Rainbow

Shawn McDonald

Somewhere over the rainbow, way up high
I heard it once, I heard it once in lulla, lullaby
And somewhere over the rainbow, skies are blue
And those of you who dare to dream
They are dreams and they can come true

Someday I'll wish upon a star
And wake up where the clouds are far behind me and far behind me
Where troubles melt like lemon drops way above the chimney tops
That's where you'll find me, that's where you'll find me

Someday I'll wish upon a star
And wake up where the clouds are far behind me and far behind me
Where troubles melt like lemon drops way up above the chimney tops
That's where you'll find me, that's where you'll find me

And somewhere over the rainbow, little blue birds fly
Little blue birds fly over the rainbow so why oh why can't I
And somewhere over the rainbow, little blue birds they fly
Little blue birds fly over the rainbow so why oh why can't I
If happy little bluebirds fly way up above the big blue sky why
can't I
