

## Ruth Mary

Shawn Mullins

Ruth and Mary  
Threw a party  
Everyone was there  
Baby Ruth she got a new tattoo  
And Mary braided an orchid in her hair  
Their friend had a farm  
And in that same friend's barn  
Under the stars above  
They said their vows  
And there was no doubt  
This was an everlasting love  
And Ruth says  
Ah, loves gotta hold on me  
Ah, it just won't let me be  
My brothers and my sisters  
Will you ever see  
The truth that's shared in Ruth and Mary  
Some folks say  
It's the sinners way  
To live and love alike  
But they can't feel  
This loves is real  
They say that kind of love ain't right  
And Mary says  
Ah, loves gotta hold on me  
Ah, it just won't let me be  
My brothers and my sisters  
Will you ever see  
The truth that's shared in Ruth and Mary  
Ruth and Mary on the freeway  
Tunnel vision Mexico  
Windows down  
Through the border towns  
And Ricky Lee on the radio  
Singin' it's your last chance  
Pullin' out of that last chance Texaco  
And Ruth says  
Ah, loves gotta hold on me  
Ah, it just won't let me be  
And my brothers and my sisters  
We may never see  
The truth that's shared in Ruth and Mary.
