

# Somethin' To Believe In

Shawn Mullins

I've never been the one  
Who had my head on straight  
So I gave myself this job  
Now I'm waitin' at the gate  
For my bag to be inspected

For some crazy reason  
I am always suspected  
Of smugglin' somethin' through  
Like smoke or dope or airplane glue  
The sergeant waves me through

And I know you've got something to believe in  
Down deep inside your soul  
Hey friend, don't you stop believin'  
In the dreams that you had  
When you were just a lad

Bare down, take another town  
And station by storm  
Crank up the tunes beneath the full moon  
And the Carolina corn  
But don't let it pass you by

'Cause someday you'll wake up  
Askin' yourself why  
You sat there at your desk  
Suckin' on a corporate breast  
You turned out like the rest

And I know you've got something to believe in  
Down deep inside your soul  
Hey friend, don't you stop believin'  
In the dreams that you had  
When you were just a lad

Hey you, check out the view  
Winding down the one  
Me and the miss sharin' bliss  
And soakin' up the sun  
And I feel like I've been resurrected

In my lifetime I have  
Never felt protected  
And loved like I do  
When I am here with you  
Only you

And I know you've got something to believe in  
Down deep inside your desperate soul  
Hey friend, don't you stop believin'  
In the dreams that you had  
In the dreams that we all had  
When you were just a lad
