

Soul Child

Shawn Mullins

like fallin rain
the days go by
can't kill the pain
and you wonder why
be strong
hold on
lotta love to go around
stay wild
soul child
don't you let 'em bring you down
it's like a dream
wake me up when it's over
somewhere in between
enemy and lover
walk proud
sing out loud
it always hurts to wonder why
one more mile
my soul child
you'll never know until you try
like fallin rain
the days go by
can't kill the pain
and you wonder why
be strong
hold on
lotta love to go around
stay wild
soul child
don't you let 'em bring you down
walk proud
sing out loud
it always hurts to wonder why
stay wild
my soul child
you'll never know until you try
you'll never know until you try
you'll never know until you try
