

Big And Fat

Shawwna

Down my back, big and fat
Down my back, big and fat
Down my back, big and fat
Down my back

I keep my hair all down my back
Ass big and fat
Hair all down my back
Ass big and fat
I keep my hair all down my back
Ass big and fat

She can't do it like this
She can't do it like that

I keep my tats all on my neck, my tats all on
my back
Gucci all on my feet, stacks all in my lap
Your man wish he could fuck, your bitch wish she could
lick
A slut gon' be a slut, a trick gon be a trick
I keep my drank all up in my cup, gloss all on my lips
Coupe parked in the front, Automa on my wrist
Two bad bitches on deck, one chocolate, one red
One say she wanna fuck, the other giving up peck
Lil' menage trois, five hoes in my car
Got ecstasy, promethazine. Tryna find some more of them
bars.
Say he want it like this, Say he want it like that
Man that pussy too good, and man that pussy too fat

I keep my hair all down my back
Ass big and fat
Hair all down my back
Ass big and fat
I keep my hair all down my back
Ass big and fat
She can't do it like this
She can't do it like that

I keep my hair down my back, that 30 over
that blonde
With a one piece that look painted on and a Birkin bag
on my arm
With a splash of that bronze, oh my God!
My body scent alone, known to get a nigga dick hard
I keep that loud in the extension, my name all in your
mentions
My song all in your iPod, I'm a sender bitch no tripod
I got yo' nigga comin' to get me, all my bitches with
me
Deep as Hell in this Bentley, On my way I been affinity
I keep my choppers on beam, I'm a dope dealer's dream
And my ass so fat, I swear its busting out the seam
Hair all down my back, 500 a pack
I'm a high class hoodrat, and my ass big & fat

I keep my hair all down my back
Ass big and fat
Hair all down my back
Ass big and fat
I keep my hair all down my back
Ass big and fat
She can't do it like this
She can't do it like that
