Asking what I'm cooking  
Cook it right in front of ya  
That's how I know, I cook it  
Man these hoes so crazy  
Asking what I'm cooking  
Cook it right in front of ya  
That's how I know, I cook it  
Cook, cook, chef

In the game calling plays like a ref  
Fuck her good, eat it up, it's top shelf  
Don't leave the trap 'til it ain't none' left

Need some extra hands, all the money that we counting  
All these diamonds on me, you can call me water fountain  
Nigga cop a coupe, same day going mounting  
Good with them digits, I don't need no accountant  
And they know a nigga represent the three like Curry

And they know everything Gucci on me like burr  
McGee, I'm a need a chauffer  
West side, Ocean Drive, screaming out "Dey Know"  
Dead man got me seeing stars like fable  
A nigga moving slow, just poured a four in a Faygo

Still made the juggs off the bag like Shawty  
Rollie on my wrist costs forty (thousand)  
Just spend twenty on an old school  
Same thing I spent on lil shawty  
Trap money, it ain't none' but trap money
