

# Tangled Up

Shayne Ward

You've got me tangled up in you  
You've got me tangled up in you

I must be tripping it's true  
I'm losing hold of my cool  
And I really ought to let you go  
Don't even make any sense  
It's getting crazy intense  
Why you wanna make me lose control

I just gotaa let you know  
I can't seem to let you go  
Now its getting perosnal

Girl what you do to me  
It's crazy new to me  
It's getting through to me

R: I can't deny that its true  
You've got me tangles up in you  
I tell myself that it's wrong  
That when you smile at me i'm gone  
(gone gone gone)  
There ain't no way to esacpe  
Trapped in this beautiful mistake  
The situation ain't cool  
You've got me tangled up in you  
(tangled up in you baby)

You've got me tangled up in you  
You've got me tangled up in you

You're playing games with my head  
I should be leaving instead  
But I'm falling faster all the time  
You lick your lips and you smile  
I'm helpless just like a child  
And i'm trying not to cross the line

I just gotta let you know  
I can't seem to let you go  
Now it's getting personal  
Girl what you do to me  
It's crazy new to me  
It's getting through to me

R:

It's wrong that I just can't walk away  
It's wrong that I can't find words to say  
You know that you've got me hypnotised  
I'm mesmerized love's in your eyes (2x)
