Every kiss before this
Was nothing but a waste of breath
And every I love you was just a whoop-de-doo
Never knew what I missed before this

Da, doo, doo, doo Ooo, Ooo

And every love song before you came along Was always about someone else Oh, and every star was just a wish too far Always a realist, yeah, before this

And the way things go, you never know Where love will lead you to And everything we've ever dreamed Lies before me and you

People say, it's not everyday
That you find the perfect fit
But when I fell for you, I found the other shoe
Cupid was a myth before this

Yeah

Da, doo, doo, doo, doo doo Da, doo, doo, doo, doo, doo, doo Yeah

Yeah, before me Me and you
