

## I Dare You

SHeDAISY

God only knows how I've needed a friend  
Who can see through the boldness and pride  
Someone strong enough to put my faith in  
Someone willing to let me inside  
So be a man  
And be my man

I dare you to need me like nobody else  
I dare you to feel me like you've never felt  
I dare you to want to want  
Want to be good to me

Baby you've got your reasons dangling  
from kite strings  
Can you open your hands and let them fly  
I know you won't always say and do the  
right things  
But some things are worth a try  
If you can  
Be my man

I dare you to know me like I've never known  
I dare you to show me that I can be shown  
Dare you to want to want  
Want to be good to me

Tell me I'm  
Tell me I'm the one who deserves you  
And every time  
Every time you know that you want to  
Yeah, I dare you

I dare you to hold me like you never  
will - again  
Kiss me and leave the earth standing still  
Dare you to want to want

Yeah, I dare you to want to want  
Want to be good to me
