

Ooh hmmm  
Do you know I'm thinking you  
Can you feel me drinking you  
Is any of this sinking through  
Neatly, so completely bent  
By this brilliant accident  
Couldn't seem to circumvent  
Your dizzy exhilaration  
Clouding my concentration

I'm lit, don't you get it yet  
See this circus in my head  
I'm tangled in the net  
Baby this is it  
I'm lit, nothing left to do  
But another shot of you  
I can't stop this spinning room  
Baby this is it, I'm lit

Yeah yeah yeah  
It's getting hard to breathe in here  
Maybe I should disappear  
Find another atmosphere  
Or maybe I should just come clean  
Take it to a new extreme  
Fashionably make a scene  
But there is no need to panic  
I'm just a harmless romantic

I'm lit, don't you get it yet  
See this circus in my head  
I'm tangled in the net  
Baby this is it  
I'm lit, nothing left to do  
But another shot of you  
I can't stop this spinning room  
Baby this is it, I'm lit

Yeah yeah yeah  
Someone get the dog and hitch the truck  
And drag me from this table  
Before they come and lock me up  
Declaring me  
Declaring me unstable

I'm lit, don't you get it yet  
See this circus in my head  
I'm tangled in the net  
Baby this is it  
I'm lit, nothing left to do  
But another shot of you  
I can't stop this spinning room  
Baby this is it, I'm lit

I'm lit, why don't you get it yet  
See the circus in my head  
I'm tangled in the net

Baby this is it  
I'm lit, nothing left to do  
But another shot of you  
I can't stop this spinning room  
Baby this is it, I'm lit

Yeah yeah yeah yeah  
Yeah I'm lit  
Yeah yeah yeah yeah
