

Without Your Love

SHeDAISY

What if my heart
Had walked right past you
What if my eyes
Had never asked you
To come and take the chains
That kept me weighted down
If you never saved me
Oh, I know I'd still be

Walking in sinking sand
Flying with no place to land
Oh, I'd be lost
Searching for you
Heaven would be out of reach
My soul left incomplete
That's where I'd be
Without your love

You're the reason
That I feel so safe
The way you hold me
Holds my heart in place
I'm just thankful to be
Where I am right now
Without your arms around me
I'd be where you found me

Ahh, ah
Ahh, ah

Oh, I would be

That's where I'd be
Without your love
