[Sheek Louch:]

They don't belong here  
We might as well let them out they cages  
This whole fuckin' place is about to blow up, right?  
Let them mother fuckin' monkeys out

(Yeah) All we do is grind (grind my nigga, just grind)  
All we do is grind (grind my nigga, just grind)  
Grind my nigga (just grind)

I got it, yo  
Hey yo, I heard you niggas got robbed (word?)  
I took it, got a lot of money in the bank (yeah)  
I ain't [?], used to mix that shit with bakin' soda  
He cook it, had it lookin' like vanilla brownies (D-Block!)  
Then we chop it  
I was travelin' through different counties, had to stop it when a nigga got  
a record deal  
Couldn't do it, notoriety was gettin' real  
I said screw it, now I'm gamblin' with fifty thousand (haha!)  
I done blew it, put my dick up in your bitch mouth, let her chew it  
Just tell 'em who I want dead, he can do it  
I don't give a fuck who you know (who you know) or who you cool with  
I don't fuck with niggas who I know (nah) and went to school with

[Sheek Louch (Styles P):]

I just grind my nigga, just grind  
And I just grind my nigga, just grind  
And I just grind my nigga, just grind  
And I just grind my nigga, just grind (yeah!)  
And I just grind my nigga, just grind (just grind!)  
And I just grind my nigga, just grind (yeah!)  
And I just grind my nigga, just grind (on it!)  
And I just grind my nigga, just grind

[Styles P:]

Catch me with a silverback gorilla and a forty-five  
Niggas feel moritified fuckin' with the Gods  
Ghost is short, nigga, but I hold the fort, nigga  
And I always been the wolf, who big dog in the yard?  
I give your daughter a bag of water, a bump of cocaine  
Don't you ever try fuckin' with the mob  
I told Donnie to bring the Tommy, I bust a hundred shots  
'Cause I always been sharp, not a slob  
Pour another drink, burn another J  
You don't wanna see a dead turn the other way  
'Cause we be on our shit and they be on our dicks  
Dead is for your bitch 'cause my niggas livin' rich  
D-Block!
