

## Moody (My Love)

Sheena Easton

All in all it's not too bad  
Up or down or happy, sad  
'cause he's the best i've ever had

Other days he's bad to me  
Tries to hurt me endlessly  
But i don't hurt that easily

My moody, my love

When i walk out the door  
And i'll never go wrong again  
I go back for more  
'cause i just can't ignore  
This longing i get

Other days he's good to me  
Gives his love so quietly  
And always see the best in me

My moody, my love
