

# Gotta Get Back

Shelby Lynne

(written by shelby lynne, dorothy overstreet and bill botrell)

I can almost touch you now  
Flying above the clouds  
In a big ol' plane  
I can't wait to hold you and see you again  
Tell you where I've been

I can almost kiss you now  
When I close my eyes I feel your  
Lips on mine  
It's so hard to fight what i  
Feel inside, for you

Gotta get back do I do  
Gotta get back do I do I do  
Gotta get back do I do  
Butterflies take control me  
Why's this airplane go so slowly  
Flutter faster take me home to you

I can almost see you now  
Is my imagination foolin' me somehow  
Flying through the lining of a silver cloud  
I'm gettin' closer now

I can almost hear you now  
Oooh saying you love me  
Like you know how  
I wish this plane would just reach down and  
Touch the ground  
I swear I see you now
