

Lead Me Love

Shelby Lynne

I'll be courageous this time
Won't turn to stone
I'll give a deeper love, than you have known.
I'll trust my heart to pound
When love is the only sound
Lead me love

Lost as a vessel adrift
Like losing a friend
I'll brave the oceans tide
Again and again
I won't let my fear decide
My compass right by my side
Lead me love

Ain't no sin in being true to love
I can't wait to be a fool for love

I'll have a banquet dove
Warmed by the sun
When forever shows its face
Then we'll be one
The message is clear, only when you appear
Lead me love
Lead me love
Lead me love
