## Life Is Bad

## **Shelby Lynne**

Waste away to nothin' in a dark dusty tomb Lookin' for the traces of what used to be a room Wipe away the blood from a tormented brow Solve the wicked problem never asking how

Rock the sinking vessel till it rests on the bottom Count the waves of water don't remember forgot them Taste the stench of livin' on thin dimes and a dream Opening an ear to a painful silent scream

Oh life is bad Oh no, worst i ever had

Ache and writhe in agony like a vise on aging bones Tar and acid drip from an ice cram cone Holding onto a wind that chases the hell Fallin' in the darkness of an inner descending well

Caress transparent night as a demon with a sword Speak with an eloquence never saying a word Look into the clarity then erase it with the muck Lying in a pool of consciousness no such thing as luck

To being a beginner, to inventing the end To livin' with a strangler never a friend Saddle slobbering beast trouble is abound Ride the devil's bronco never hit the ground
