

# I Was Lost

Sheppard

All my life I've tried to find  
A simple way to ease the pain  
And numb my mind  
But it set me blind  
And I missed the signs  
I'd knock them down, head onto ground  
Where I could hide

I've gotta find a way to leave it all behind  
I've gotta find a way to leave it all behind

I don't feel whole  
No self control  
This thing inside won't be denied  
It has my soul  
But the dice has rolled  
And my blood runs cold  
I see my fate, I gotta change  
Before I'm old

'Cause it's one more day that has gone to waste  
For two lost nights that the drinks erased  
Three white lies that I tell my face  
Four more marks than my actions break

I've gotta find a way to leave it all behind  
I've gotta find a way to leave it all behind

'Cause I've been lost  
I've been lost  
I've been lost  
Yeah, I've been lost

I'm off the rails but I'm running beside the train  
Don't wanna care just to get back on again  
I'm reaching out but I'm clutching onto sand  
All I need is somebody to grab my hand

'Cause I've been lost  
I've been lost  
I've been lost  
Yeah, I've been lost

One more chance could be all it takes  
Two steps forward baby no mistakes  
Three more months, counting down the days  
Four more cities till I see your face  
5AM when the sunlight breaks  
Six young minds in a crowded place  
Seven sings that are now in place  
Eight, nine, ten and I'm home again

Now I've found a way to leave it all behind  
Now I've found a way to leave it all behind  
Now I've found a way to leave it all behind  
Now I've found a way to leave it all behind

I was lost, I was lost  
I was lost, I was lost
