

All Day All Night

SHINee

Oh
Oh
Who can tell whether this choice is right or wrong
The moment I met you all highlight
It's just beautiful because I don't regret it

Start looking at the world differently
Yeah, it's all for you
Time is beginning to shine
Yeah, It's all for you
Our tears that were so painful an overflowing joy
All for you, all for you, all for you

Like a burst when it gets hot
I have more love
(baby you are my type of world)
Shout out loud
Baby you are my world
You will believe in the new world to bloom

All day all day all night
All night a wish
All day all day all night
Baby you're the only one
Oh my god is thrilled
All day all day all night
It melts in each other

Like a long preview
In the midst of deep sympathy
The scene is your face again in a daze
Let's bump into the stars and let's spark it
Nothing is difficult
Feel the vibe, I'll throw a hotter flame
Baby's all for you

Tell me what you want more
Nothing is forbidden
You should go crazy
You chose me

The depth and pitch of silence
The glare of the midday sun
All for you, all for you, all for you

Like a burst when it gets hot
I have more love
(Baby you are my type of world)
Shout out loud
Baby you are my world
You will believe in the new world to bloom

All day all day all night
A wish
All day all day all night
Baby you're the only one
Oh my god is thrilled

All day all day all night
It melts in each other

Leave it as it is, Hold the hurt
You and I are all there
Small, single-faced control
You have changed my world

Live a burst when it gets hot
I have more love
(I wanna give it to you)
Shout out loud
Baby you are my world (yeah)
You will believe in the new world to bloom (oh)

All day all day all night (all night)
All night a wish
All day all day all night
Baby you're the only one (oh)
Oh my god is thrilled up (up)
All day all day all night It melts in each other

Yeah I like that
All night girl, my girl, your world
