

# Beautiful

SHINee

There are eyes that won't let me go  
Slightly filled with tears, they are beautiful, your eyes

In those eyes are sadness as well  
I want to know what that is  
I will embrace everything of you

It's beautiful  
Give me all of your scars  
It's beautiful  
Your existence alone is beautiful girl

I will embrace all of you  
All of you, all of you  
I will embrace you  
All of you, you're my girl

I know that it's awkward  
Come closer to me  
Whisper it in my ear  
I will listen to your story

It's beautiful  
Give me all of your scars  
You're beautiful  
It'll all be alright when you're in my arms

It's beautiful  
I want to hug you, come to me  
It's beautiful  
Your existence alone is beautiful girl

To the edge of my heart  
Waves of happiness endlessly come  
When I see your smile  
I am endlessly moved, amazingly blessed  
Your existence alone is not enough to show me  
Your sweet passion, your shy breaths  
The small movements toward each other  
You're beautiful

I can listen to you, girl  
All of you, all of you  
I will embrace you  
All of you, you're my girl

It's beautiful  
Give me all of your scars  
You're beautiful  
It'll all be alright when you're in my arms

I can listen to you, girl  
All of you, all of you  
I will embrace you  
All of you, you're my girl
