

Hello

SHINee

When I see myself during these times
I feel that I really am young
Even with you in front of me
I don't know what to do
To the people who are in love
Please tell me how you started to love

Will the day I hold her hand ever come?
Will the day I kiss her above her closed eyes also come?

Hello, hello
I brought up the courage
Hello, hello
I want to talk to you for a moment
Hello, hello
I may be rushing a bit
Who knows? We might
End up doing well

Whether I should approach you
Or wait a little longer
With everyone saying different things
Makes it much harder (You might not believe me)
She has higher standards than she seems
This kind of thing is uncommon for me
Please believe what I say

Will the day I casually hold her come?
I believe everything will turn out the way you think it will

Hello, hello
I brought up the courage
Hello, hello
I want to talk to you for a moment
Hello, hello

I may be rushing a bit
Who knows? We might
Oh yeah
It's not my first time to be honest
I've loved and broken up before
But it's hard, please believe these words
You are different

Hello, hello
I'll bet my all this time
Hello, hello
Ooh yeah, baby baby baby girl
Hello, hello
I don't know how you feel right now
Who knows? We might

Hello, hello
Hello, hello
Please give me a chance
Hello, hello
I don't know how you feel right now

Who knows? Two of us
Might be destiny
(Hello, the times I spent by your side
Can no more compare to any other happiness
I can't express myself to you
My heart wants all of you, never let you go
If this is love, I'll never let it go
Who knows? The two of us)

Hello, hello
