You Are the One

Shiny Toy Guns

Black rose and a radio fire It's so contagious Is that something changing my mind I'm gonna take what's evil

Your cover melting inside With wide eyes you tremble Kissing over and over again Your god knows his faithful

I try to digest my pride But passions grip I fear When I climb into shallow vats of wine I think I almost hear but it's not clear

You are the one You'll never be alone again You're more than in my head You're more

You are the one You'll never be alone again You're more than in my head You're more

Spin faster shouting out loud You can't steal what's paid for Is that something hurting again Murder son, she's painful

You so believe your own lies On my skin your fingers Runaway until the last time We're gonna lose forever

When you try, don't try to say you won't Try to crawl into my head When you cry 'cause it's all built up inside Your tears already said, already said

You are the one You'll never be alone again You're more than in my head You're more

You are the one You'll never be alone again You're more than in my head You're more

You'll never be alone again

You are the one You'll never be alone again You're more than in my head You're more You are the one You'll never be alone again You're more than in my head You're more

Alone again
