

## As We Fall In Love Once More?

Shirley Bassey

Oh, my thoughts go running free  
Like a shooting star across the galaxy  
Every time I think of you and me  
The way we are  
And the way we're gonna be

Like a never ending rhyme  
You echo softly like a whisper through my mind  
Into places only you can find  
As we pass through  
Another day in space and time

And you're like trying to describe  
Everything that makes me feel like I'm alive  
And the seasons of my life  
Change around you every day

Cause this game of love we play  
Becomes a different kind of game of love each day  
And the feelings come so fast  
The words will never last  
To be heard above the roar  
As we fall in love once more

And you're like trying to describe  
Everything that makes me feel like I'm alive  
And the seasons of my life  
Change around you every day

Cause this game of love we play  
Becomes a different kind of game of love each day  
And the feelings come so fast  
The words will never last  
To be heard above the roar  
As we fall in love once more

As we fall in love once more  
As we fall in love once more
