

## Basin Street Blues

Shirley Bassey

Won't you come and go with me  
Down that Mississippi?  
We'll take a boat to the land of dreams  
Come along with me on, down to New Orleans

Now the band's there to greet us  
Old friends will meet us where all them folks  
Going to the St. Louis Cemetery meet  
Heaven on earth, they call it Basin Street

I'm telling ya, Basin Street is the street  
Where all them characters from the First street they meet  
New Orleans land of dreams  
You'll never miss them rice and beans  
Way down south in New Orleans

They'll be hugging and a-kissing  
That's what I been missing  
And all that music, lord, if you just listen  
New Orleans, I got them Basin Street Blues

Now ain't you glad you went with me  
On down that Mississippi?  
We took a boat to the land of dreams  
Heaven on earth, they call it Basin Street
