Basin Street Blues

Shirley Bassey

Won't you come and go with me Down that Mississippi? We'll take a boat to the land of dreams Come along with me on, down to New Orleans

Now the band's there to greet us Old friends will meet us where all them folks Going to the St. Louis Cemetery meet Heaven on earth, they call it Basin Street

I'm telling ya, Basin Street is the street
Where all them characters from the First street they meet
New Orleans land of dreams
You'll never miss them rice and beans
Way down south in New Orleans

They'll be hugging and a-kissing
That's what I been missing
And all that music, lord, if you just listen
New Orleans, I got them Basin Street Blues

Now ain't you glad you went with me On down that Mississippi? We took a boat to the land of dreams Heaven on earth, they call it Basin Street
