

# Everything That Touches You

Shirley Bassey

You say you're all alone  
With visions all your own  
The thing you feel nobody feels the same  
But you, you know me you know what I've been through

Everything that touches me  
And everything that touches me  
Everything that touches me  
Touches you

Friends along the road  
May lighten up your load  
By saying what they think you really want to hear  
But I'll only tell you what I feel is true  
'Cause everything that touches me  
A everything that touches me,  
Everything that touches me Touches you

Share 'cause I can't take you there  
Unless I know a part of what you're thinking  
Care, cause it's only fare  
And darling can't you feel my heart is breaking  
My heart is breaking

Everything that touches me  
Everything that touches me  
Everything that touches me, touches you

Everything that touches me  
Everything that touches me  
Everything that touches me, touches you

Everything that touches me  
Everything that touches me  
Everything that touches me, touches you
