

Morning In Your Eyes

Shirley Bassey

When will it dawn
And be light?
When will dawn
Break through night?
When will the day
Light the way for me to see?
Where is the sunrise?
Where is the morning in your eyes?

When is the day
Coming through?
Where is day?
It's almost June
Heavens smile
In a while we'll surely be
Where is the sunrise?
Where is the morning in your eyes?

There is the bloom
Of the sun
Daylight will show
That it's begun
Love is born
In the morn that shines for me
There is the sunrise
There is the morning in your eyes
