

Our Time Is Now

Shirley Bassey

Our time is now,
Not one day soon.
Your eyes don't lie,
Look how bright the stars
And how close the moon.

Our time is now,
And evermore.
It took a while
But a love like ours
Was worth waiting for.

Love has no season,
There are no rules.
Those who stop dreaming are fools.
So come with me
Because our time is now.

Love has no season,
There are no rules.
Those who stop dreaming are fools.
So come with me
Because our time is now.

Our time is now.
Our time is now.
Our time is now.
