

## Where Is Tomorrow?

Shirley Bassey

Silent is the night, closing in around me  
I sit and listen for footsteps on the stair  
Thinking of the night, when your loving found me  
I run to the door but no one's there

Where is tomorrow for someone like me?  
There's no tomorrow for a memory  
I lost a lifetime, what can I do?  
Where is tomorrow without you?

If I close my eyes I can almost see you  
And I remember the little things you'd say  
If I touch my cheek it could almost be you  
Kissing all my lonely tears away

Where is tomorrow for someone like me?  
There's no tomorrow for a memory  
I lost a lifetime, what can I do?  
Where is tomorrow without you?  
Tell me  
Where is tomorrow without you?
