

# Queen For A Day

Shola Ama

Hey yeah oh yeah

I will take all you have to give me  
I will give all you can take  
Boy it's gotta be me  
Cos you're all I see  
In my heart you'll never fade

Chorus

Cos your star shines so brightly  
And it's stronger every day  
You're so far away  
But close to me  
In your world is where I wanna be  
Like a dream  
You're my own fantasy  
You're a king in the castle to me

Boy I don't think you  
Even know me  
And I don't think you care  
Where I'm from no no  
But I know I could love you  
If I could just show you  
Baby I'd be the one

Repeat chorus

I will be here tomorrow  
I will be here today  
Everywhere you go I'll follow  
Cos you know I love you

Baby you're so far away  
There's so many things  
I want to say  
You're so far away  
If I could just be your  
Queen for a day

Repeat chorus x 2

There's so many things  
I want to say  
If I could just be your  
Your queen for a day
