

Love Kills

Shooter Jennings

Love don't give no compensation
Love don't pay no bills
Love don't give no indication
Love just want to stand still

Love kills it drills you through the heart
Love kills it scars you from the start
It's just a little past time from ruining
Your hard life stays for a long time
Won't let you go cause love
Love love love won't leave you alone oh yea

Love won't take no reservation
Love is no squared deal
And love don't give no justification
It's just like old steel

Love kills it drills you through the heart
Love kills it scars you from the start
It's just a little past time from ruining
Your hard life stays for a long time
Won't let you go cause love
Love love love won't leave you alone oh yea
Won't leave you alone
Won't leave you alone ah

Show me inside of conspiracy
Show me inside of conspiracy
Show me inside of conspiracy
Show me inside of conspiracy
Yeah yeah show me it's not a conspiracy
Oh show me it's not a conspiracy
And show me what love can't

Love kills it drills you through the heart
Love kills it scars you from the start
It's just a little past time from ruining
Your hard life stays for a long time
Won't let you go cause love
No it won't let you go and it kills
Love love love won't leave you alone oh yeah
Love kills yea
