

Are You Afraid Of The Dark

Short Stack

I'm an explosion
A little off-set
She's a commosion, tastes like chocolate

Lips like a vampire. A chery cola
Hips like a dirty little rock 'n' rolla
Can you holla?

Are you affraid of the dark, Are you affraid of you?

I got a problem
A complication
I wanna please her be her new sensation

Lips like a vampire. A cherry cola
Hips like a dirty rock 'n' rolla
Can you hold her?

[CHORUS]
Her little black dress
Is like a lightning bolt
I'll let her rock me. Let her shock me
With a thousand volts
Her little black dress
Is like a lightning bolt
Are you affraid of the dark, Are you affraid of you?

So my immortal
I need you closer
And let's elope to Mexico like we're supposed to

Lips like a vampire. A chery cola
Hips like a dirty little rock 'n' rolla
Can you holla?

Are you affraid of the dark, Are you affraid of you?

[CHORUS]
Her little black dress
Is like a lightning bolt
I'll let her rock me. Let her shock me
With a thousand volts
Her little black dress
Is like a lightning bolt
Are you affraid of the dark, Are you affraid of you?

Our lady of my last reading. Break my bones and watch my bleeding
Tied tight to my heart
Honey watch me start

[CHORUS]
Her little black dress
Is like a lightning bolt
I'll let her rock me. Let her shock me
With a thousand volts
Her little black dress
Is like a lightning bolt

Are you affraid of the dark, Are you affraid of you?
