Bad Religion

Short Stack

She's like my bad religion
I'm on my knees and sinning for her every single night
She's like a holy vision
She's such a bad religion but I can't stop, can't stop, can't stop, can't stop

I guess I must be tripping
I must be tripping, yeah
'Cause there's this girl I'm missing
She got me wrapped around her finger but I just don't care
(Give it up)
Alright, I'm coming home tonight
(Give it up)
Alright, we're coming home

She's like my bad religion (yeah, yeah)
She's got me goddamn sinning for her every single night
She's like my bad religion (yeah, yeah)
She's such a bad religion but I can't stop, can't stop, no
You got me so bad

You're like my favourite movie
Tonight we're on the run
And when I hear that music
We'll be making out all night to the rhythm of the drums
We'll be making out all night to the rhythm of the drums
(Give it up)
Alright, I'm coming home tonight
