

Dance With Me

Short Stack

And when I run out of words to say
Every inch inside of you is begging me to stay
Baby would I lie to you it's better off this way
Makes me feel like everything's alright
So why don't you wanna dance with me tonight.

Girl it's what you do to me
this jealousy it makes me lose my mind
But there's no place in the galaxy
I'd rather be than here with you tonight

And when I run out of words to say
Every inch inside of you is begging me to stay
Baby would I lie to you it's better off this way
Makes me feel like everything's alright
So why don't you wanna dance with me tonight.

You wanna see the best of me then get in line my favorite one night s
tand
I kinda like you so I keep you safe and sound forever in my hand

And your pretty little lips
Hang off every word you say
Just waiting for that kiss
In-tangled in your disarray
Around your fingertips
You make me feel so happy intertwined
So why don't you wanna dance with me tonight.

La da da da la da da da da (4x)

And your pretty little lips
Hang off every word you say
Just waiting for that kiss
In-tangled in your disarray
Around your fingertips
You make me so happy I could die
And when I run out of words to say
(I keep running)
(I keep running)
Every inch inside of you is begging me to stay
(I keep running)
(I keep running)
Baby would I lie to you
Its better off this way
(its better off)
(its better off this way)
Makes me feel like everything's alright
So why don't you wanna dance with me tonight
