

# Hearts On Fire

## Short Stack

Say, say you love every single thing about me  
Like you used to, like you used to ooh  
And I pray, pray you sing all your favourite songs about me  
Like you used to, like you used to ooh

And the clouds above they opened up and raced around me and you  
And suddenly I knew that love was, love was made for me and you

And I know we can't make this on our own  
So we'll set our hearts on fire cause we're not coming home  
Tonight

So say, say you love every single thing about me  
Like you used to, like you used to ooh  
And the clouds above they opened up and raced around me and you  
And suddenly I knew that love was, love was made for me and you

And I know we can't make this on our own  
So we'll set our hearts on fire cause we're not coming home  
And I know we can't make this on our own  
So we'll set our hearts on fire cause we're not coming home  
Tonight

You're too late  
You're too late  
Too late

Oh won't you say it again  
And I'm too late  
Late  
You say it again  
Oh won't you say it again  
Again and again and again and again and again

And I know we can't make this on our own  
So we'll set our hearts on fire cause we're not coming home  
And I know we can't make this on our own (so say, say you love)  
So we'll set our hearts on fire cause we're not coming home (like you used to)  
I know we can't make this on our own  
So we'll set our hearts on fire cause we're not coming home  
Tonight
